From the Principal's Desk

March Madness is upon us! Let's hope March can bring winter to a close and allow the sun to shine on FRHS. As you probably know, the district has missed two days beyond our allotment and will be forced to make up school on March 31 and April 1. This time of year is quite hectic for the high school counselor as students are preparing their schedules for next year. Returning students should have completed their prospective schedule and graduating seniors should be watching for numerous scholarship opportunities. If you have questions or concerns about the process, please do not hesitate to call or email myself or Amy Kaiser (HS counselor).

March means Ohio Graduation Test time for sophomore students at the high school. As well, our freshman will be taking the practice OGT to give them a good look at what to expect next year. The high school will run on a two hour delay schedule for juniors and seniors who have passed all parts of this test. Busses will run at regular times and junior and senior students will have study hall opportunities if they ride the bus and do not have to take the exams. Our high school staff does an excellent job of preparing our students for these tests. This preparation helps over 90% of our students pass all five parts of the OGT on their first try. Please find a brief informative section regarding the OGT in this newsletter.

Parent teacher conferences are right around the corner. In this newsletter you should find all the information regarding the conferences on the attached pink form. Please feel free to contact the high school office to set up a conference. The dates are March 30 and April 15. On April 15 the Middle School will be hosting a Stem Fair and the High School student council/ABC will be having a Pork Chop Dinner. For tickets and information you can call the high school office. You will also find attached some information from the health department about the special clinics they are having to get your teenagers vaccinated. Most shots are \$10.00 for kids ages 18 and under unless otherwise stated.

Let's hope March Madness can push our basketball teams on terrific tournament runs. Both boys and girls teams have experienced great seasons. Coach Patch's team earned a share of the MAC title and has been ranked in the state's top ten most of this season. How neat would it be to have boys and girls teams reaching the state tournament? As always, please feel free to contact me or email if you have any questions or concerns.
